## FUJITSU Accessory Keyboard KBPC E USB

### Best ergonomics a keyboard can offer

---

The ergonomic KBPC E USB keyboard from Fujitsu sets new ergonomic standards at the workplace. Exhaustive ergonomic studies ensure optimum physiological alignment. The KBPC E USB promotes the natural positioning of the user's arms and hands, for fatigue-free use by splitting the keypad into two halves, angled at up to 30° to each other.

#### Usability

- Connects to every PC with standard USB interface

#### Ergonomics

- Adjustable step by step in different planes for the optimum position of arms and hands
- Reduces risk of RSI syndrome
- Stressfree and effective use thanks to high contrast keys, ergonomic key design and a soft pressure point

#### Reliability

- High quality and function stability made in Germany through own development and manufacturing
- Short reaction and transportation time
- Warranty, service and spare part supply according to your needs

#### Environmentally friendly development

- Recycling friendly by easy separation into recyclable components
- Minimized size and weight in combination with minimized use of raw materials

#### Tailor-made

- Specific keycap inscriptions for your specific designs

#### Modern production technology

- Abrasion-proof keys thanks to laser printing technology for the keycaps
- Fully automated production line
- Highest quality coupled with the best price/performance ration, guaranteed

# Keyboard KBPC E USB

## Technical specifications
